## SUMMARY

- **Software Engineer** skilled in Python, JavaScript, and building scalable systems using Docker, Kubernetes, and cloud platforms like AWS and GCP.
- Experienced in setting up CI/CD pipelines with GitHub Actions and Jenkins, and managing cloud infrastructure and deployments.
- Founded and led the **AWS Cloud Club at Addis Ababa University**, organizing workshops and driving student engagement in cloud technologies.

## EDUCATION

**Addis Ababa University** – Addis Ababa, Ethiopia **CGPA: 3.76, June 2027**  
BA, Software Engineering

**ALX Africa** – Addis Ababa, Ethiopia **Graduated: May 2024**  
AWS Cloud Computing

## EXPERIENCE

**Machine Learning Intern** **June 2024 - Oct 2024**

iCog Labs – Addis Ababa, Ethiopia

- **Docker:** Containerized applications to ensure consistent and efficient deployment
- **RAG:** Supported integrating retrieval-augmented generation for improved response relevance
- **Testing:** Developed automated tests using Python and Playwright to validate features and catch bugs early

## LEADERSHIP EXPERIENCE

**Founder and Cloud Captain, AWS Cloud Clubs AAU** **, May 2025 - Present**

- Empowering 300+ university students to gain hands-on cloud skills and advance their tech careers through practical workshops, mentorship, and community-driven projects.

**AWS Cloud Mentor, ALX Africa** **, May 2025 - Present**

- Mentored 2 students to gain hands-on cloud skills and advance their tech careers through practical workshops and project walkthroughs.

**Student Ambassador, ALX Africa** **April 2025 - Present**

- Promoted ALX programs to students, increasing awareness and engagement in tech and career-building opportunities
- Enabled students to access resources, mentorship, and events supporting skills in cloud, Data, software engineering, and leadership

**Google Developer Group AAU** **June 2024 - Sep 2024**

**DSA Instructor**– Addis Ababa, Ethiopia

- Designed and produced engaging learning materials for 30+ students for the Data Structures and Algorithms Course
- Led Lectures, Mentorship, and Contest sessions for 30+ students

## SKILLS

Backend(Django, FastAPI,Nodejs, Expressjs)	Cloud Computing(AWS, GCP) CI/CD(Github Actions, Jenkins, Docker, Kubernetes)	Leadership Communication
---	--	-----------------------------

## Certifications

[AWS Certified Solutions Architect](#)  
[AWS Certified Cloud Practitioner](#)  
[GCP Professional Machine Learning](#)  
[Kubernetes and Cloud Native Associate](#)
